**ORDER - Bd.R. 104 - Miscellaneous**

1 Alza Corporation has an application, 10/115,566, involved in an interference.

2 The count currently is the method of claim 3 of the Regents' 6,210,707 patent. Alza's  
3 application claims benefit to some of the same applications as:

4 10/821,018

5 10/821,021

6 11/049,848 and

7 11/050,012.

8 Examination is not completed--and in some cases has not begun--in these applications.

9 Consequently, no attempt has been made to determine whether these applications

10 should be placed in interference with any other application or patent. Bd.R. 103.
